Main Features – Cold Rooms

Dawsongroup | global introduces its most simple cold storage product, the Polar^ostore Cold Room, which is available for hire or sale anywhere in the world. With an interior temperature range of -40°C to +45°C, this cold store can be delivered as a single unit or built as a modular solution (see our Polar^ostore Modular brochure).

Using the latest refrigeration technology our cold room maintains that critical temperature 24/7 and is suitable for maintaining a specific temperature. Along with full service and maintenance when hired or a 5-year warranty when purchased new, it offers your business peace of mind knowing your unit is durable, energy efficient and cost effective.

Standard features:

- All our units are High Cube (9ft6", 2.9m)
- Easy open double doors with 70/30 split
- Internal release & lockable door handle
- Flat Floor with 4 drain holes
- LED internal lighting
- Sliding strip curtain
- Door cut out switch
- Audio & visual person trapped alarm
- Audio & visual mains failure alarm
- Semi-permanent loading ramp
- Plug and play
(18m cable, 5 pin plug, 440v, 3ph, earth & neutral)
- -40°C to +45°C

Optional Features

- Remote temperature monitoring
- Support legs for dock loading or uneven ground
- Internal shelving
- Clip on generator set for intermittent mains power

Why Dawsongroup | global?

Dawsongroup have grown to become the largest independent asset rental business in the UK and Europe. The group has grown to cover specialisations in temperature-controlled solutions for hire and sale because of global expansion. We are committed to service excellence and our flexible service & maintenance packages provide customers with an increased flexibility in asset ownership without risking upfront costs.
